Hi JOSHUA,

I am **Samuel Abiodun** from Jumia and I will contact you shortly to deliver your package **JE-LAM-1669296552-8388** today!

You can now choose to pay by card or bank transfer via JumiaPay at the time of delivery; otherwise, please make sure you have **69,300 NGN** ready for payment, as I do not carry petty cash. Please ensure that payments are made directly to Jumia and not to the delivery agent's account.

If you have any questions about this delivery, please contact me on **08067866719**.

### Please note:

- You can pay via bank transfer using JumiaPay at the time of delivery; simply inform our delivery agent when your order is being delivered.
- If you ordered for multiple items, you may receive them on different days. This is because they are sold by different sellers on our platform and we want to make each item available to you as soon as possible.
- Jumia will never ask you for your password, PIN, CVV or full card details
- We kindly ask that you check your package while the delivery agent is still present. This helps ensure everything is in order. Once the package is accepted and the agent has left, we may not be able to resolve issues such as missing items, wrong products, or damage.**

### Your package contains:

| ITEM | QUANTITY | PRICE |
